All business owners operating within the District of Clearwater are required to purchase a business licence per fiscal year. More information on how to obtain, renew or close a business licence account can be found online at [www.districtofclearwater.com](http://www.districtofclearwater.com). All current business licence holders as of February 2020 are listed in this booklet. TNRD Area A is also listed in this directory, businesses are marked green. Area A currently has no business licence program.

## A MESSAGE FROM THE MAYOR

Imagine a place where you can step out your backdoor with your coffee, and within minutes, be walking in a forest or sitting on the beach. Where you can take a break from weekend chores and go skiing at the ski hill down the street. Where, on a hot summer evening, you can go for a canoe on the lake or a kayak in the river without even leaving town. Where you can drop your blanket on the grass for music in the park, where your kids can be part of the team, where you don't have to get up at 4am for ice time.

This is Clearwater, part of the Canada you imagined. 125 kilometers north of Kamloops on the highway between Vancouver and Edmonton, Clearwater is the gateway to world famous Wells Gray Provincial Park, a vast wilderness full of outdoor adventure and spectacular scenery. In the center of town is Dutch Lake, an often mirror calm jewel that both locals and visitors alike enjoy for its swimming, fishing and watersports. The Raft, Clearwater and North Thompson rivers come together here in the traditional territory of the Simpcw people, with iconic Raft Peak and the alpine meadows of Trophy Mountains framing out an impressive picture.

Clearwater came to life a century ago as a logging and milling town, and although the forest sector is still a critical part of the economy, the town has evolved over time into a major tourism hub that sees nearly half a million visitors a year.

Despite our history, we are a very young town at heart. Incorporated in 2007, Clearwater has a new shopping centre, a modern hospital, several recreation facilities as well as biking, hiking and skiing, healthy living programs, and a transit system. A long list of volunteer, arts, and community groups will keep you as social and as busy as you desire.

With a reasonable cost of living, excellent amenities, and its proximity to Kamloops and its airport, Clearwater is a great place to start a business, invest in an existing one, or move your homebased career to. Come here to find that balance in life.

On behalf of Council, the business sector and our citizens,

I welcome you to Clearwater.

*Mayor Merlin Blackwell*

## Message from TNRD Director Carol Schaffer

Welcome to our beautiful and charming Wells Gray Country nestled in the mountains of the North Thompson Valley. We may be little in size, but we make up for in heart.

We have an abundance of pristine lakes, vibrant rivers, trails galore and our expansive access to one of the world-renowned nature parks...the Wells Gray Park.

We are versatile and can meet every individual need for every individual season and more. Come and say hi to the friendly and welcoming locals of Wells Gray Country. See all we have to offer, stay awhile, you won't be disappointed you did! We guarantee you will experience memories that will last a lifetime.

## Shop Local

**1. Keeping Dollars in the Local Economy:** Locally owned businesses recycle a much larger share of their revenue back into the local economy, enriching the whole community. Purchasing local helps grow other local businesses.

**2. Non Profits Receive Greater Support:** Local business owners donate more to local charities than non-local owners.

**3. Local Business Owners Invest In Community:** Local businesses are owned by people who live in this community, are less likely to leave, and are more invested in the community's future.

**4. Entrepreneurship:** Entrepreneurship fuels Canada's economic innovation and prosperity and serves as a key means for families to move out of low-wage jobs and into the middle class.

**5. Local Character and Prosperity:** In an increasingly homogenized world, communities that preserve their one-of-a-kind businesses and distinctive character have an economic advantage.

**6. Community Well-Being:** Locally owned businesses build strong communities by sustaining vibrant town centers, linking neighbors in a web of economic and social relationships, and contributing to local causes.

**7. Local Decision-Making:** Local ownership ensures that important decisions are made locally by people who live in the community and who will feel the impacts of those decisions.

**8. Job and Wages:** Locally owned businesses create more jobs locally and, in some sectors, provide better wages and benefits than chains do.

**9. Environmental Impact Is Reduced**

**10. Investment in Clearwater Is Encouraged:** A growing body of economic research shows that in an increasingly homogenized world, entrepreneurs and skilled workers are more likely to invest and settle in communities that preserve their one-of-a-kind businesses and distinctive character.

The tourism industry in Clearwater and area with all B&Bs, hotels, restaurants, stores, service businesses and local attractions are an important part of our local economy even though most only operate seasonally. The impact of COVID-19 on this industry is significant with some businesses facing challenges to open this summer and other businesses operating with less volume and therefore the impact on Clearwater is undeniable.

This summer, as we are all asked to keep travel to essential, we need to come together and celebrate the variety we can enjoy in our own community or our close neighbours within BC. We, the residents of Clearwater, need to support the local tourism industry just as they have supported the community all these years. We need to be committed to shopping local, to explore our own backyard and to enjoy the beauty of this part of the province by giving back. Essentially, investing in the tourism industry means investing in our community, our community businesses and Clearwater's future. We all benefit from that!

*Leslie Groulx, CAO*  
Economic Development Officer
